

linea classic s

classic reliability, design and value

AVAILABLE CONFIGURATIONS: EE | AV

AVAILABLE NUMBER OF GROUPS: 1 | 2 | 3 | 4

The clean lines and charm of the Linea Classic occupy many of the cafés, roasteries and chains whose names have defined the industry. The Linea Classic has helped to forge the world of coffee over the last three decades and has been continuously improved to deliver unrivalled value.

Built to embody three words, reserved, reliable and consistent, the Linea Classic S can be trusted as a dependable partner in any coffee programme. New features give baristas an easier coffee making experience while increasing the reliability of a

machine that set the standard in the industry.

Timers allow baristas to track the brew time of every espresso. Dual PID provides consistent temperature in the separate steam and coffee boilers.

standard features

dual boilers

Separate boilers optimise espresso brewing and steam production.

saturated groups

Thermal stability, shot after shot.

dual PID

Electronic control of coffee and steam boiler temperature.

insulated boilers

Lower energy consumption and better temperature stability.

3-button interface

Program the machine with the left group buttons (AV) or on the electronics board (EE).

Pro App compatible

Electronic board ready for the La Marzocco Pro App.

½ turn steam valve

Full steam in half a turn, less movement for the barista.

shot timer **AV ONLY**

Digital timer above the control button.

programmable doses **AV ONLY**

Auto-volumetrics for repeatability in high-volume settings.

special order

Pro Touch steam wands

High performing steam wands, cool to the touch.

cup warmer

Cups evenly heated to the proper temperature.

barista lights

LED lighting to focus on extraction and cup.

high legs

Easier access beneath the machine.

personalised colours

RAL colours on request.
